TRAINING REPORT V4

Executive Summary

This document includes the final results of task *T3.1.6 – Training* and is the official VIVACE project deliverable D3.1.6_4 “Training Report - Version 4”. The document contains the rationale behind “effective dissemination”, the approach towards Forum style dissemination (Forums 1-3) and the strategy for training and dissemination activities leading up to forums.

T3.1.6 has, through dissemination and training activities, aimed at making the outcome of the WP3.1 work visible for the VIVACE project and the surrounding industry and society, thereby showing how WP3.1 results can help industrial companies to more rapidly and successfully adopt Knowledge Enabled Engineering methods and technologies (i.e. promoting the benefits of KEE approaches).
